

Addressing the challenges with LEA and developing Network objectives and activities

Neil McInroy, Centre for Local Economic Strategies

A reminder of the six challenges of LEA

- What challenges of geography exist in developing your LEA? (table 1)
- What is government wanting out of this process ?(table 2)
- What key data themes should be included in an assessment? (table 3)
- What would be a useful way of comparing places (indicator)? (table 4)
- How should the LEA link to wider strategy (thematic and spatial)? (table 5)
- What is the LEA for? (table 6)

Discussion

Please discuss:

- How the challenge presented resonates in your locality?
- The types of support a Network could facilitate in relation to the challenge
- Are there any other challenges with LEA?
- The types of support a network could facilitate in relation to these other challenges
